MBUK Verdict 10

You can have as many features in a garment as you like but if the fabric is poor, then you will end up uncomfortable, not performing to your best and not having fun. This is the ethos behind Freestyle garments. We have access to the top fabrics available. We make clothing for you to push your self harder. The Freeride is a robust and innovative construction designed for the toughest tests. The fit is perfect for high performance riding through any terrain, Guaranteed To Keep You Dry.
